

## M20 ARTFOIL

HOT FOIL PRINTING SOLUTION

*The art of marking in gold*

### TIME SAVING

No set-up time, compose on your computer and transfer directly on your item

### LIMITLESS

Driven by a computer, you don't need any die or mold. Unleash your creativity using a Gravograph software to mark some text or logos

### TRANSPORTABLE

Its reduced size, weight, and its flycase make it an easy to transport machine

M20 ArtFoil is the perfect solution for personalization using hot foil printing technology. You can personalize small items, leather goods, packaging, invitations, ...  
 With a footprint of 345x315 mm and a weight of 12Kg, this is the most compact and the lightest Hot foil machine on the market. Controlled by a computer, the ArtFoil system eliminates expensive dies and costly set-up times, making even a single item hot foiling cost effective.
